Minutes Beaver River Annual Meeting 2002
2002

Meeting called to order at 1:10 by Floyd Yardley

Moved & 2nd minutes be approved.

Mr. Simms gave financial report 6,205.77 in trust fund at beginning of 2001. Under budget of $1,311.36.

$230.00 in delinquint accounts.

After 2 years action is taken against delinquint accounts. If not paid in 20 days after receiving a warning letter, they will be ordered to stop using water and no water will be given to them.

Blake Smith said his deceased fathers billing should not be on list.

Moved & 2nd financial report be accepted. Unanimously passed

Commissioners report by Ronnie

Beaver river had	24,105 acre feet
North creek	15,023
Indian Creek	3,163
Elk Meadows	1
	4.9 acre feet

Harold Bradshaw says he isn't getting his A water below Patterson Dam. Patterson dam is a dry dam and no A water is supposed to go below this dam.

Gilbert Yardley said that since Beaver City & upper benches are sprinkled no return flow comes and this drying up lower ditches.

If A water is moved to mountain no B & C can be kept on valley land. The user loses this water.

Decree described water above Patterson Dam. Then another part of decree divides water below Patterson Dam, and they dont get water below.

Moved Commissioners report be accepted. Unamously approved.

Minimum salary for Commissioner to keep retirement is $8,850. $480 increase in budget

State Engineers office budget was cut by $250,000.

It costs 7½% of water assements to admister paper work.

Assesements may have to be raised 2½%.

Blake Smith made motion we have $17,000 budget 2nd by Sam Kersick. Unanously passed

Moved by Jeff Joseph that budget be ~~18,781~~ 17,781 2nd by Frank Harris Unamously passed. ~~18,213~~

Larry ~~Go~~ Maycock is taking Dan Goffs place as director for Rocky Ford.

Moved that old board by Ray Yardley retained & 2nd and unamously passed.

We have a new State Engineer, Jerry Olds. All measuring devices must be put in by ditch receiving water.

Meeting adjourned at 2:05
