MEMORANDUM

TO: Don Norseth
FROM: Wayne D. Criddle

Cliff Johnson called to our attention the fact that Long Valley and Coal Creek irrigators requested water distribution help last spring and that we told them it would be necessary for them to follow certain regulations for distribution in 1960.

I believe that we should follow up on this matter. I might suggest that if you feel you do not have time, we should write a letter to Cliff and ask him to specifically take it up with the people in his general area.

Please discuss this with me as soon as convenient.
