Dale Harris Account 7 Beaver River System

Mr. Harris sold his "A" water right, the primary right to the Yardley Brothers after they built a reservoir to sprinkle their fields. Mr. Harris retains the "B" right which is non assessable ∴ The billing is correct. We should have a copy of Yardley's deeds for our records.

Mr. Harris also informed me that the Harris's have formed the south Creek Water Assn to ~~out~~ utilize the water and have sold some of their A water to Jim Brown and Steve Roberts

At present the Yardley brothers each own 50% of the "A" water right.

delete Del Harris "B" right
yardleys only - we
never entered an acct.
for Dale Harris on his
"B" right for accts 03-7 or 03-8.
So I didn't add one.
