Dear Sir

In answer to your letter of May 31 - I agree that Todd covolo has done a good job and still is but Jade Henderson has no business of suggesting that us Utah Water users raise covolos wages. He has done everything in the past to try and get Covolo fired and gave him a rough time as water commissioner now he wants to smooth things over by suggesting we give him more money. I'm against this suggestion, should have been discussed at Utahs annual meeting Signed
