Dear Applicant(s):

RE: Water Right Number 81-4359 (A33556)

Enclosed is the Certificate of Beneficial Use issued by the State Engineer as the final step in completing the appropriation relating to the above-numbered water right. If this Certificate has been issued pursuant to the reconsideration of a lapsing order or reconsideration of any other issue, it is considered the final action on the granted reconsideration request. If you do not agree with any item of the water right awarded to you by the Certificate, you have rights of recourse as listed in the following paragraph.

If proof of appropriation or permanent change of water was submitted on or after January 1, 1988, this Certificate is subject to the provisions of Rule R655-6-17 of the Division of Water Rights and to Sections 63G-4-302, 63G-4-402, and 73-3-14 of the Utah Code Annotated, 1953, which provide for the filing of either a Request for Reconsideration with the State Engineer or an appeal with the appropriate District Court. A Request for Reconsideration must be filed with the State Engineer within 20 days of the date of this letter. However, a Request for Reconsideration is not a prerequisite to filing a court appeal. A Court appeal must be filed within 30 days after the date of this letter, or if a Request for Reconsideration has been filed, within 30 days after the Request for Reconsideration is denied. A Request for Reconsideration is considered denied when no action is taken 20 days after the Request is filed.

Under the law, you have the right to record this Certificate in the office of the County Recorder in the county where the water is diverted. If you decide to record this Certificate, you should attend to this matter at once.

If you have questions or if we can assist you, we will be happy to do so. Your contact with this office, should you need it, is with the Cedar City Regional Office. The telephone number is 435-586-4231.

Sincerely,

Kent L. Jones, P.E.
State Engineer
