June 15, 2001

Dear Dale Lee

With respect to the charge to you from Crockett Avenue or Logan River Water Users Association, answer them accordingly.

You contacted me. I discussed the matter with ROBERT FOTHERINGHAM, the Utah State Engineer in Logan. The conclusion was that you undoubtedly do not owe the additional charge. When you purchased the Old Juniper in Logan Canyon, it was at the State Engineers initiative and decision that you handle the water rights as you have done for the past twenty-two years.

On September 26, 1979, Logan Island Irrigation Company issued you, Dale L. and/or Marian K. Lees, Old Juniper, Logan Canyon, Certificate #2454 for five shares on Ditch #1 of water through Logan Island Irrigation Company. You have been paying promptly every year for twenty-two years the annual assessment on those shares. No other assessments are due from such share holders.

I am returning also your unsigned check herewith for your signature, Dale.
