Dear Applicant:

RE: TEST WELL#: 0957006M00

This letter **IS YOUR AUTHORIZATION** to drill test wells at the following location(s):

(1) N 1246 ft E 330 ft from the N4 corner, Section 09, Township 3S, Range 3E, SLBM

The purpose of a test well is to determine the quality and availability of an adequate water supply that may be used subsequently to support water use(s) in future applications filed with the Division of Water Rights.

Even though you may proceed with the construction of the well(s), please take note that this letter **DOES NOT GRANT ANY PERMISSION OR APPROVAL TO DIVERT WATER FOR ANY PURPOSE WHATSOEVER, OTHER THAN THE MINIMAL AMOUNT REQUIRED FOR QUALITY/QUANTITY TESTING.**

The well driller must have a current license with the State Engineer (if the well is to be deeper than 30 feet), and the well must be constructed in accordance with the State of Utah Administrative Rules for Water Well Drillers. Following completion and testing, the well casing must either be sealed with a tamper-resistant, water-tight cap or permanently and properly abandoned by a licensed driller (if deeper than 30 feet) before the drill rig is removed from the site.

Enclosed you will find two postage-paid forms. One is the Driller (START) Card form, which you **MUST** give to the licensed driller with whom you contract to drill the well(s). The other is the Applicant Card form. It is **YOUR RESPONSIBILITY** to sign and return this form to this office immediately upon well completion. Your **submittal of the APPLICANT Card form will be notice to our office that the work has been completed and will begin the 30-day period in which the driller is to submit a report as required herein.** The driller cannot legally commence drilling the test well(s) until you provide him with the Driller (START) Card form, which will then be submitted to our office for verification. You should review the contents of this approval letter with the driller to be certain that the instructions and conditions are thoroughly understood by all parties.

Please note that your permission to proceed with the drilling under this authorization expires **October 9, 2009.**

Sincerely,

John Mann, P.E.
Regional Engineer

**HEARING SUBMITTAL TO

For surface seals in unconsolidated formations (clay, silt, sand, and gravel), will you be using a temporary conductor casing or other formation stabilizer (e.g., drilling mud) in the surface seal interval to maintain the required annular space?

YES or NO (Circle one).

Answering 'NO' suggests that you will be placing the surface seal in an open and unstabilized annular space, which may require onsite inspection of seal placement by the State Engineer's Office.

NARRATIVE

1. Survey requested by: Kevin Tolson.
2. Purpose of survey: locate the topographic relief.
3. Basis of survey: found USFS Mineral Monuments, as shown.
4. Date of survey: October 14, 2003.
5. Property monuments set or found as shown.
6. Located in the Northwest Quarter of Section 9, Township 3 South, Range 3 East, Salt Lake Base & Meridian.
7. The owner of the property should be aware of any items affecting the property that may appear in a title insurance report.
8. The north corner No. 1, Secret No. 1, MS 5803, to the Northwest Quarter of Section 5, Township 3 South, Range 3 East, Salt Lake Base & Meridian was found to be North 37°43'52" West, 8057.45 feet.
9. An assumed elevation of 8450 feet was assigned to the top of the USFS Mineral Monument found at the north corner of the property, as shown.

LEGAL DESCRIPTION

Tolson Parcel 1

A portion of Secret No. 1 Lode Mining Claim, designated by the Surveyor General as Survey No. 5803 embracing a portion of Township 3 South, Range 3 East of the Salt Lake Meridian, and in the Little Cottonwood Mining District, Salt Lake County, Utah.

Commencing at the corner No. 1 of said Secret No. 1 Lode Mining Claim (which corner bears South 51°2' West, 64.5 feet from a pine tree which was blazed and arched B.T. 1-5803 in 1905 at 5734.1 feet East, 1922.50 feet from the end line of said claim; thence South 71°08' East, 1922.50 feet to the corner of Little Cottonwood Creek; thence North 67°46' East, 215 feet to the point of beginning; containing 0.495 acres, more or less.

SURVEYOR'S CERTIFICATE

I, J.D. Gentry, a Registered Land Surveyor as prescribed by the laws of the State of Utah and holding License No. 359005, do hereby certify that I have supervised the survey of the herein described property and that this plat is a true representation of said survey.
