Fifth District Court Clerk
105 East Center,
Beaver, Utah 84713

Robert L. Morgan ;

I am in reciept of the summons demanding that I furnish my irrigation wells with meters. I am not entirely in agreement with your interpretation of the law but do not have the funds to defend my position.

It is surely no secret that the farmers of this area have suffered from economic depression for the past two years. Lack of funds have prevented me from purchasing the meters but I hope to have them in place before spring irrigation begins in 1993.

Sincerely, McCoy Williams
