Assessments for the Milford System will be based upon the water rights allocated by acre-feet for each account. The nine accounts not included in the Commissioners report were left out primarily because those wells were not pumped in 1992.

Assess all the users according to allotted water except for those who did not pump last year. Accounts that will not be assessed are as follows:

✓ 33-13 HICKMAN, PHYLLIS PRICE
✓ 33-22 ALICE KESLER ESTATE
