WATER RIGHTS
SALT LAKE

1/15/05

Mr. Lee Sims

Recently I received a letter from your office. The letter stated that I have been over pumping my water rights. My property is located on the north west end of the Milford Valley. I am writing to say I will not be over pumping this comeing year. I will most likely sell my property to Mike Yardley. If I do not sell I will take Five acres on the north End and Ten acres on the South End out of production.

Thank you
William M Gray
