PROVO CITY WATER RIGHTS (Con.)

AFFIDAVIT

William K.Farrer, (Daniel Vincent, T.J.Farrer, Hyrum F. Thomas, Caleb Tanner, Levi Carpenter, James King, John Doe.) being first duly sworn, on his oath deposes and says:

That, affiant was born at Provo, Utah, _____ 18____.

That, at all times of affiant's lifetime, affiant has been a resident citizen of the state of Utah.

That, for more than forty years last past affiant has been the owner of a farm within the corporate limits of Provo City, and the owner of a farm under the Lake Bottom Canal Company canal and about one mile North of the North Boundary of Provo City. And that, for more than forty years last past affiant has worked, supervised and operated said farms.

That, at all times, during affiants lifetime, since childhood, affiant has been acquainted with the affairs, operation, conditions of the canals of Provo City, and affiant has of his own knowledge each and every year known and observed the water supply of Provo River.

That, at all times, during affiants lifetime, since childhood, during the irrigation season of each and every year, when water was available the canals of Provo City diverted and maintained a flow to their full carrying capacity, and that, during all of said time said Provo City canals were maintained to a flow to the full extent of their capacity against any quantity of water passing down Provo River to Utah Lake.

That, in each and every year, during affiants lifetime, since childhood, this affiant observed the lower section of Provo River, and that in the normal flow, after the flood water period, in the irrigation season, there has been no water passing down said Provo River to Utah Lake.

That, in each and every year, during affiants lifetime, since childhood, after the flood water period, in the irrigation season, all of the flow of Provo River has been diverted by Provo City through its canals and other parties having the right thereto.

That, in each and every year, during affiants lifetime, since childhood, during the irrigation season, the said Provo City has maintained its canals to the full quantity of water available.

That, in each and every year, during affiants lifetime, since childhood, during the non-irrigation season, the quantity of water in said Provo City canals has been maintained to supply all purposes of culinary, stockwatering and other uses throughtout the system and laterals and lands, and that, said quantity has been optional with said Provo City.
