Meeting - Uintah & Lakefork Dist. Sys. 3/13

case involves

Bill is in office ~~[illegible]~~ on Tuesday 10A-3P ~~[illegible]~~

Bill to check Mountain reservoirs prior to beginning of irrigation season.

will drag on for some time

Calvin Hackford case still pending ⇒ everyone still gathering info.
Bill is still involved as commissioner in the suit.

Question on what is status of Hackford ~~[illegible]~~ claim to a water right.

Bill needs some direction on what to do as far as distribution. Board wants to do what they did last year.
Uintah & ~~Ouray~~ Park Irrig. Co. most concerned because Hackford take water ~~through their~~ from their canal.

Bill will need a letter directing him what to do. would like that to come from the state. need MOU in place before we can do this.

BIA asked us to follow up with Curtis Cosposch on their feeling on the MOU they will also

They will appoint Bill as commissioner and start up their organization as in past years as soon as the MOU is signed - We will assess them (or get the money from Bill) and ~~[illegible]~~ appoint Bill as River Commissioner.
They would probably have the State disburse the funds as the commissioner accrues expense

Secretary Donalda Brokaw for 1990
Chairman - Neal Domgaard
Board - see mailing list on original notice.

the association directors will take a look at it.

Bonita Harding - problem? may want us to send a letter requiring suitable headgate and meas. device.

Bill don't track the off stream reservoirs too much
