18th May 1992
Meadowville Ut.

State Water Engineer
Logan, Utah

Dear Mr Fotheringham,

I want the Weirs put in Big Spring Meadowville Upper Canal.

In Court at Randolph 28th Aug. 1990 Judge Sunnell decreed:

1- Each pay own attorney fee
2- Wendell Johnson to close last culvert and have water ready for Frank Weston with two hour back-up and a legal Company formed. To be under the Bear River Commission.

Hillyard agreed and said he'd write up the document.

Fri. March 15th 1991 at Court Frank Weston met with Judge. Judge Jenkins took advisement on back-up water etc. Stipulation wasn't signed.

Sincerely
Frank E. Weston
