County of Daggett ;

Laurel Taylor and Louis Stoll being first sworn depose and say:-

That we were present on July 29th 1934 at 3.00 P. M. on Burnt Fork Creek after a test had been tried for three days with the water in the Creek to ascertain how far it would travel in a period of three days, being turned into the Creek on July 26th 1934, at 3.00 P. M.

We affirm and say that the water traveled down the natural channel of the creek for a distance of three-quarters of a mile below the last diversion of Utah ditches. The water sinking at that point making no further appearance other than in springs a mile or so below.
