State Engineer
Salt Lake City Ut.

Dear Sir

We have at last succeded in raising enough money to pay Mr Owen Bullock for his services at water Commissioner for last season. & we would like very much if you would appoint a Comm. for this season. I am informed the Inner State Canal & all the Ut ditches are running full. & we have never had any in the ditches ~~over~~ the line on the Wy Side. As to paying those men for going to Salt Lake for the Jensen trial we as an association never knew ~~knew~~ any thing of it until after it was all over. Therefor we didn't think we should pay it. But we are all tax payers & try to be decent American citizens & feel we should have a little protection as to water and this is sure a mess.

Please let us hear from you

Respectfully
Henry Heine
