August 14, 1961

Mr. Charles Meeks, Chairman
Burnt Fork - Birch Creek Distribution System
McKinnon, Wyoming

Dear Mr. Meeks:

Re: Burnt Fork - Birch Creek System
(Over-expenditure of 1961
Assessment and Budget)

In order that the 1961 distribution of water within the Burnt Fork - Birch Creek Distribution System could be administered, this office of necessity had to advance additional funds for the commissioner's expenses over and above the 1961 budget and assessment.

You are hereby advised that this creates a deficit against the Burnt Fork Funds and arrangements will be made before or during our next meeting for repayment.

Very truly yours,

Frank Reese
BUSINESS MANAGER
