Re: Burnt Fork

It was our understanding that at the annual Water Users' Meeting, held on March 5, 1959, it was decided that the committee members were to find a candidate for water commissioner, and recommend him to us that we might, if he were qualified, appoint him. We were to receive this information by March 21, 1959.

Apparently, you have met with difficulties and have not yet arrived at a decision. As the 1959 irrigation season is rapidly approaching, I would like to urge you to submit this information to us as soon as possible.

Yours very truly,

Donald C. Norseth,
Distribution Engineer
