"IN SCENIC SOUTHERN UTAH"

ORDERVILLE, UTAH

May. 19. 1947.

Mr. Ed Watson
State Engineer
Salt Lake City
Utah

Dear Sir:

The General Committee consisting of the 3 Presidents of the Board of Directors of the Major Irrigation Companies in this area have ask. that I write you. Requesting that you call a meeting of all the water users concerned, for the purpose of appointing a water commissioner for the Long Valley creek.

They suggest the meeting be called at the home of Marcellus Johnson in Glendale Utah on June 4. 1947. at 8 30 P.M.

By that date the Irrigation water will be low enough that we will need a Creek Rider.

Yours very truly

LeGrande C Heaton
Sec. of Com.
