Dear Sir:- In reply to yours of Dec. 5th I think it advisable to send notices to the delinquencies on Long Valley river, except Muddy Irrigation Co. I think they should be stricken from the tax roll for this reason.

The water commissioner has not for a number of years been asked to divide any water on the system and I don't think they ever will be

I have talked with some of the water users and they seem to think they can handle their own affairs.

Yours very truly
W. S. Carpenter
