Glendale, Utah.
May 7, 1934.

Dear Sir; — Yours of May 1st,
Rec'd No. 3

The State Engineer asks me to sign a Security Bond for $1000,00 as water Commissioner, as yet I have not rec'd my wages for last year. Due to uncertainty of wages I refused to furnish this Bond, and have written him to that effect and until this matter is settled, I will not measure Bower's water nor any body elses. I am of the opinion that the State Engineer will ask for another water Commissioner.

Should we settle this matter I will go at once to Bowers gate, but will take orders from the State Engineer only, Please remember this also, that there will be neither locks nor notices placed on Bowers gate nor any other gate.

W. L. Carpenter.
