Oct. 18, 1933

Mr. W.S. Carpenter,
Glendale, Utah

RE : LONG VALLEY DIST.

Dear Sir:

Enclosed herewith please find an assessment roll showing the amounts due on the Long Valley distribution from 1925 to 1932, inclusive. It appears that there is $109.55 yet due. I hope you will be able to collect a considerable amount of this sum, at least enough to pay the expenses involved for water distribution during the season of 1933.

Please mark your assessment roll, a copy of which you have, according to that herewith enclosed and return this copy immediately for our files. A self-addressed envelope is enclosed for that purpose. Kindly do not delay this matter.

Yours very truly,

T.H. Humpherys,
STATE ENGINEER
