Glendale. Utah. Jan 31. 1933

Mr Geo M. Bacon. State Engineer
Salt Lake City. Utah

Dear Mr Bacon:—

We are at a loss to know how long the Glendale Water System Company was incorporated for, and when the Company was incorporated. All minutes and record of the begining of the Company have disappeared. and there is not any one who knows. We asked our County Clerk for the information. He notified us. there was no any record to be found. So we are taking the privilege and liberty to ask you the question. If you cant furnish us such information Do you know of any one in the state who can? What steps will be nessery to reincorporate if the time for which the Company was incorporated for has expired. We will greatly appreciate any information you may be able to furnish us.

Very truly Yours.
Glendale Water System Co.
Marellus Johnson.
Secretary.

Sec of State
