Ralph Hafen asked whether the official who made a study of the distribution of the water to the companies on the Santa Clara River had made a report on his findings. Mr. Norseth said the report has not been fully completed. He suggested that the companies write to the State Engineer explaining the conditions and the problems connected with the distribution of the water. He said the water should be distributed according to the Court. He said he would be willing to meet with the commissioner and representatives of the companies to help with the study that is being made so that definite instructions could be issued to the commissioner.

Meeting adjourned. Charles Hafen, sec'y.

1961 $ ASSESSMENT IS $1500.00

A majority of the members of the association and a majority of the rights on the river were represented.

Donald E. Norseth reported that the rainfall in Utah during Dec. Jan. and Feb. to date was below normal. The water in the ponds lakes and rivers at this time is below normal.

Charles Hafen read the call of the meeting.

The minutes of the meeting held Feb. 9, 1960, were read and approved.
