Minutes of the meeting on March 3, 1981 of: the Joint River Committee, the Strawberry Water Users Assoc. irrigation committee, the representatives of the State Engineer, and others associated with the Spanish Fork River Distribution System.

11:00 a.m.

No minutes were available from last years meeting because of the death of secretary August Swenson and the inability to find his record of that meeting.

Chairman Alan Fatt asked for the minutes of the meeting held on February 23, 1981 to be read.

Don Roseth then took charge and reviewed the finances and the 1981 budget. Lynn Mendenhall discussed his problem with the state retirement withholding program. Apparently 8.95% of his salary has been withheld to match the 8.95% paid in by the river system for a total of 17.9%. It was his understanding that he would be on a 3.95% employee contribution and the river system employer would pay the additional 13.95% like most other state employees. After discussion Reed Rindlisbacher moved to change to a 3.95% employee - 13.95% employer state retirement withholding program. Reed Christmas seconded the motion and it was passed. The ~~Eng~~ budget was reviewed item by item and the necessary changes were made.

* Full Retirement

Reed Christmas moved to adopt the 1981 budget. Ernest Hanks seconded the motion. Motion passed.

RECEIVED
MAR 18 1981
WATER RIGHTS

Ernest Hanks moved to hire Lynn Mendenhall and Ron Davis as the 1981 commissioner and deputy commissioner. Clair Anderson seconded the motion and the motion passed.
