Mr. Dee C. Hansen
P. O. Box 381
Logan, Utah

Dear Dee:

We have some more problems on Little Bear. Perhaps, our meanest one now, is with Clifford Obray, who has Rights 2032 and 2016 in the Determination. He has been assessed for both rights and in reply, he sent us notice to cease and desist or words to that effect. Enclosed are copies of his letters and assessment notice for your knowledge in this matter.

We would like you to handle this with him personally. You might have him call at your office, find out what his gripe is, and straighten the thing out. If he doesn't want to claim any water rights, we will be glad to delete his name from the Determination of Water Rights.

We will appreciate your handling this situation as soon as possible as the tone of his letter suggests that he may be a little belligerent.

Yours very truly,

Richard Pexton and
Donald C. Norseth
