C. W. BURQUIST
ATTORNEY-AT-LAW
ERICKSEN BUILDING
MOUNT PLEASANT, UTAH

October 19,1920

Mr. George F. Gonagle
State Engineer
Capital Building
Salt Lake City, Utah

Dear Sir:

I am writing you in behalf of the Mountain Tunnel Irrigation Company, who, you will remember, had a dispute over the measurement of water with the Twin Creek Irrigation Company, also of this city.

As I understand the matter, the experiences of a disinterested person to measure the water was to be apportioned between the two companies, and in accordance with that understanding, the Mountain Tunnel Irrigation Company has paid to Mr. W. L. Benson the sum of $126.00, and to Mr. Andrew Scow, the sum of $70.00, or has expended in all, the sum of $196.00.

You are therefore asked to pro-rate this expense as near as possible, between the Companies concerned, and notify the Twin Creek Irrigation Company of your decision.

Yours truly,

C W Burquist
