State Engineer

Dear Sir:-

Refering again to our petition asking your office to appoint a water commissioner to distribute the water of Twin & Cedar Creek Sanpet Co. and to your last note to us stating you were waiting for certain affidavits before determining what you would do in the matter Will you kindly advise me what you have decided to do in the matter The irrigation season is soon on and some one should have that matter in charge who will do justice to all concerned, Kindly advise me of your action

Respectfully

C H Sorensen
