The State Engineer
Salt Lake city, Utah

Dear Sir, we the Colorado Park Irrigation Company, would like to know if we have the right to use water now, as well as Ouray Valley Irrigation Company, which is being used and confiscated by them now, solely and being used on their lands?

Has a stockholder of the Colorado Park Irrigation Company the right to put water in the Moore's reservoir Company if he holds stock in both Companies to conserve it for future use, such as water for cattle, ice etc?

Yours Respectfully
Colorado Park Irrigation Co
Wm. N. Stevens Sec.
