Duchesne Sept 10th 32.

Mr. Geo M Bacon.

Dear Sir. In 1918 there was proved up on the Water of James McAffee and J. P. Toops, to be taken out of a Wash, which floods through my land. In the last 3 years there has been a Dam constructed in said Wash, without any outlet to let flood water go by.
Now every time there is a rain in the upper country, this wash overflows part of my land doing damage to my crops.
Is it up to you to look into this. Or will I have to look after it through the court? Hoping to hear from you soon I am

Respectfully yours

F. W. J. Meyer

Duchesne Utah
