Dear Sir: Recieved your letter of June 22 and am enclosing signatures of some of the stockholders as you said in your letter There are 25 stockholders in the company and am sending signatures of stockholders representing 8 shares of stock.

Would be so grateful if you could adjust this right away, as it is very bad without water. Have not had any here for more than a week not even a spirt, and do not know how to manage. If when the representative comes, he will enquire for my residence will be glad to show him around

Thank you so much

Sincerely

Mrs Clara E. Frost
