Boulder, Utah
May 28, 1938.

T. H. Humphreys
State Engineer
Salt Lake City, Utah.

Your letter of May 20th has been received. In regards to the suggested outline you mention. I'm sorry but I have gone through all the papers and letters I have filed way which I have received from you while acting as water Commissioner and I am unable to find such an outline.

I can't remember ever receiving such an outline. I am not in the habit of forgetting or overlooking anything in that line. If there was one sent I don't think I ever received it. If you will mail me another outline I will try and report to you what you desire to have.

Yours truly.
Francis Hyman
