Honorable T. H. Humphries
State Engineer
Salt Lake City.

Dear Sir:-

Some where about 25 years ago a Mr. Ormond of our community (Boulder) seems to have been appointed by the court as water commissioner. One phrase, reads nearly as I can remember, "shall hold such office until released by the court."

Mr. Ormond seems to have brought this paper to light this spring after 10 or perhaps 20 years of hibernation. at any rate he now tells us he is the properly appointed water comissioner and as such will take charge of the distribution of the water.

We are rather inclined to take the matter as a joke. May we solicit your suggestions and comments.

Very respectfully

Boulder Irrigation & Water Dev. Co.
