State Engineer:—

Dear Sir.

I was away when ~~this~~ your letter come
The water was lower than
it had ever been we shut
their devider down sereral
times & notified them to leave
it alone. they just kep taking
it, so we just took the wear
board out of our side. never
damaged the devider at all.
our crops was burning up.
Please send the dementions
to their divider.

Respect yours
P. J. Leavitt
