Office of the State Engineer
State Capitol
Salt Lake City, Utah

Dear Mr. Criddle:

It is the desire of the Price River Adjudication Committee to have all the decreed and certificated waters of the Upper Scofield, Beaver Creek and White River areas placed within the Price River system - in other words, all the tributaries to the Price River.

We feel that if this is done the present River Commissioner can better distribute and control all the waters diverted from Price River.

Very truly yours,

John Bene

JOHN BENE, Secretary
Price River Adjudication Committee
