Joseph R. Murdock, Manager

Provo, Utah

Representatives of the canal companies and individual water users taking water from Provo river both here and in Wasatch county have held a series of meeting lately to determine ~~of~~ a method of distributing ~~to the old the decreed priority rights~~ water and the high water when the flow is changing from the extreme high period to ~~when~~ ~~the~~ the low period or decreed water ~~commence~~. The following resolutions were adopted and it is ~~thought~~ that amicable arrangements will entered into. A ~~better~~ more systematic division of the water will ~~a~~ undoubtedly work to the advantage of all

For several weeks & canal companies and individual water users
