Helper Sept 8/28

Mr G. Bacon - State Engineer
Salt Lake City

Sir -

I have to inform you that also my lawyer has sent the sheriff to verify the water thiefs - ~~when~~ and ordered them to stop - As soon the Sheriff wheent back they started at work again to ~~fill~~ lay pipes and steal the Goats Spring water -
According to Court decisions Elegante's lost every right of water exchanges contracted with the Coal Co in the old time
I wish to know if the State can prosecute these lawless peoples directly - Why they do not respect other peoples rights -

That house (~~s~~ Elegantis) is alloway inabited of unspeakable and unreasoning peoples. And I being an old women and with one girl I am unable to defend my right directly with my hands against usurpators and invaders of uncivil barbarian peoples like that. And I wish if the State can find a ~~[illegible]~~ remedi on that. You will exuse me if I bade you very much, ~~and~~ the reason that I am asking you for help is because I recognize you a perfect gentleman and a rapresentative of justice and I very sorry for their neibors

Respectfully yours

Maria Demarco

You will try to stop every trouble have them people's to ditch Crystall spring with head gate

Helper Utah Aug 30 / 28

Mr G. Dixon - State Engineer
Salt Lake City -

Sir -

I have been waiting for your answer over Elegantis answer to you. And as it has delayed so long I have tought to write you I wish to follow your advice yeat and if you see that the matter can be settled with Headgates, I wish that you do that at once -

3 days ago I in company with the Lawyer and a Court employ went over the creek and found out that Elegantis had taken the whole springing water for their use -

I found out that Mr Ruggeri wrote you that Elegantis are using only Crystal Spring water and no other. you don't believe that because as lawyer he try his best to get name of good lawyer —
Elegantis are unruly and criminal inclined — Prayer 1
They misappropriate my water all time
Please do your best for me

Respectfully yours
