TO THE BERYL ENTERPRISE AREA DISTRIBUTION SYSTEM COMMITTEE

We would like to meet with the committee on January 12, 2006 at 2:30pm in the Community Building at Beryl Junction.

The purpose of the meeting will be to discuss the feasibility and possible options for continuing regulation of irrigation by mapping irrigated lands. The discussion will focus mostly on the possibility of the water users hiring an engineer to do the mapping work that is currently being done by the Division of Water Rights. The discussion will also cover how the Division would oversee and verify the mapping work.

If you have any questions about this proposal prior to the meeting, please contact me by phone at (801)538-7380 or by e-mail at LeeSim@utah.gov.

Sincerely,

Lee H. Sim, P.E.
Assistant State Engineer

cc: Kurt Vest, Acting Regional Engineer
Karl Schmutz, Water Commissioner
