M. G. Bacon State Engineer
Salt Lake City -

Dear Sir -

I am to inform you that the day 13th and 14th of the going month Elegantis stole me the whole water - And when I came back I found that out from my ~~dunk~~ peoples -

Also the Elegantis people's are using whole water's coming down the ~~wash~~ creeck above Goats Spring.

Now they are working to drain Goats Spring in to their house using a pipe - Seem to me they want to take all water's that belong

to me - I have to remember the unworthy changes of that water between Tony Oliverio and ~~Elegan~~ Company's - that wass objected allaway trough - Please to find out at once the way to settle that at once before they finish the work that have started ~~in~~ to take the water - Please to fix that up at once or I have to settle the matter with the rifle myself no matter if will hang me up I can not support this insults any further -

If you find out to be right I wish that you give an order to the agricoltural agent, the County attorney and the Sheriff to come at the place and estimate the damages I am suffering and

then charges Elegantis ~~under~~ criminal ~~case~~ procedure s —
Please to take care of that at once don't let 2 days pass or they will have ~~may~~ water in their house —

Respectfully yours

Maria DeMarco
