Mr. ~~G~~ G. M. Bacon - State Eng -
Salt Lake City

Sir. I have on my head to write you again over that matter between Eleganti's and me - I wish you order Eleganti ~~to~~ drain the Cristall Spring water in a good solid way ~~to~~ and not let that water to over flow on the Creek - The water of creek ~~to~~ belong ~~to~~ me. And he must quit that nuisance and meddling You have Eleganti ~~to~~ cross their water on the pipe - If the State can not exercise an authority upon them peoples

I will have to get a rifle and ~~ano~~ mete out justice myself upon them —
Any time I ask wyman about that water he say yes - yes but the question of the trouble remain the same right long —
If you have yoder assistant to come here to ~~settle~~ settle the whole trouble - I pay the fair s and expense s —
Send him at my house so we can walck over the place and show him the differences, so he will settle the dispute — I bag you exuse for ~~the~~ bading you right along, but that is due to my sorryness on seeing my farm to dry ~~wi~~ and not being in the condition of disposing the water —

Please once more to take care of that —

Respectfully yours
