Dear Sir:

I am keeping you busy heading my letters but still I think you are doing the best you can for me so I am telling you my troubles.

We have found out that Mrs Eligonti is going from one house to another of her friends getting them to be false witnesses for her.

Eligonti is also getting Enoch Bingner for a wittness a,, ,, went and made

a hearing that my form
is much smaller than
Eligonti's and that her
farm was made 1904
when mine was made
and also you know your
self that my farm ~~is~~
8 yrs. older than hers.
and also you know that
my farm is lots larger
than hers.
and also Bryner is
saying that the water
is Eligonti's and not mine
~~Fee~~ see what you can
do for this because they
are searching to try and

ruin me, when the
case of the Crystal Spring
Bruyne also made the
False wittness and also
made the others do the
same traiter as he is
& was & always will be.

yours Truly.
