Hankesville Utah Mar 24/30

State Engineer

Salt Lake City Ut.

Dear Sir: Are you going to appoint a water commissioner to put in a measuring device, and to devide the water in Boulcreek? I think there will be lots of water this year as the mountains are full of snow.

Im anxious to know if I'll have any water, so I'll know whether to put in a crop or not. Unless the water is devided there will be no need of me wasting seed by putting it in dry ground.

Kindly let me hear from you at once
