State Engineer's Office

Manti Utah
Feb. 14 1928

To The Honorable Geo. M. Bacon, State Engineer
Salt Lake City, Utah.

We the majority of the water users, using water from Bowl Creek, do ask the Honorable Geo. M. Bacon, State Engineer to take charge of the distribution of the water of Bowl Creek for the purpose of making just division of the water to the parties entitled to the use thereof, as per regulations set fourth in sections 44 and 70 of Session Laws of 1919 & 1921.

We ask that you appoint Mr. S. E. Johnson as water commissioner to take immediate charge of the distribution of the water of Bowl Creek. Mr. Johnson is willing to act as watie commissioner if appointed, and we believe that he will do the right thing by all parties concerned, and for his services he will charge $5.00 per day and milage at 12 cents per mile.

Mr. Johnsons present address is Victor Carbon Co. Utah, however he will move to Hankeville the first of March, he has bought a home there.

Respectfully

Columbus R. Hall
Roxanna D. Hall
Mrs. A. J. Denny.
