Hanksville, Aug. 29th 1927

To the State Engineer
Salt Lake City, Utah.

RE: Bowl Creek District.

Dear Sir: — In reply to the enclosed letter of Aug. 17th last, will say, that I appreciate very much your kind offer in regards to the appointment of a water commissioner for Bowl creek and would be pleased to serve in that capacity if requisite, but do not consider it advisable to start such work this late in the season.

Yours truly

F. J. Weber
