RE: DISTRIBUTION ACCOUNTS 183 & 184

Dear Clair:

I have checked into the referenced accounts and have found the following:

Acct. #183 - This account used to be numbered 184, but has been re-numbered as 183. It is in the name Melvin Gardner (c/o George Gardner); the owners are R.W. & J.H. Homer; the permanent water user's claim number is 3454 for 5.5 acres/22.0 AF to be taken from a well located S 1320' & W 1320' from the NE Corner of Section 19, T35S, R17W; the place of use is the NE1/4 Sec. 19. Other irrigation on this property is covered under temporary change applications.

The account that used to be numbered 183 was in the name of Melvin Gardner, had no permanent water right and was covered under a temporary change for only one year. The account was for water taken from a well in Section 4, T35S, R17W and used in Sections 4 and 5. This old account has been deleted.

Acct. #184 - There is no account currently under this number.

To make your account book coincide with our records, you should change the page for present account #184 to account #183. The page you now have for account #183 should be removed and discarded.

Thank you for your diligence efforts in fulfilling your duties as Commissioner for the Beryl-Enterprise area.

Cordially,

Kerry Carpenter, P.E.  
Assistant Regional Engineer
