Geo. M. Bason, State Engineer
Salt Lake City Utah.

MAY 23 1927

Dear Sir:-

As Mr. Ostberg has not yet recieved his appointment as water commissioner, I thought I would write you again as I am very anxious to get him on the job as the water is coming now from the mountain and as usual it is most all being used at the Pace ranch. I have part of my crop in and am putting more in and I need the water very badly, what shall I do? I sent your last letter to Mr. Ostberg to answer, in regards to the amount of time it will take to do the work, and he reported to me that he had written you and given the estimate. please let me hear from you as soon as convenient.

yours very truly C. R. Hall
