Dear Mr. Gubler:

Re: Fred Finlinson Letter

In May of 1992 we received a letter from your Attorney, Fred Finlinson, requesting that our water rights data base be revised to show the 17.5 acres of irrigation allocated to your water right 71-236 in the pre-trial order for the Escalante Valley adjudication. I am sorry that it has taken me this long to respond to your request.

It appears that we need more information before we can make the change to the 17.5 acres. The information we need is regarding the location of the irrigated land. We have on file a hydrologic survey map prepared in 1968 which shows a total of 16.55 acres of irrigation. We will be happy to make the changes to our data base as soon as you can provide us with the information we need concerning the location of the land.

If you have any questions concerning this, please contact me.

Sincerely,

Lee H. Sim, P.E.

Assistant State Engineer for  
Distribution/Adjudication
