August 18, 1942

Mr. Roice B. Nelson, Chairman
Coal Creek Water Users Committee
Cedar City, Utah

Dear Sir: REL: COAL CREEK DISTRIBUTION

We wrote you on July 16, 1942, stating that we had received the bond for Mr. Leigh as water commissioner on Coal Creek and stating that the premium on this bond is $5.00. We have not yet received your check for this amount and we are holding the State Engineer's certificate of appointment for Mr. Leigh until the payment for the premium on the bond is received in this office.

Mr. Leigh wrote us on June 27, 1942, stating that he would like to have the appointment made of record so that he could take official action.

Yours very truly,

Ed. H. Watson
STATE ENGINEER
