Willard, Utah
Sept. 18, 1930.

Office of State Engineer;
Salt Lake, Utah.

Gentlemen: While visiting the Dept. of agriculture august 25th, I called at your office asking in regards Salary balance due me for acting as water commissioner for the Mill Dam District for season of 1929.

Mr Jerman informed me that the Bal. would be sent at once.

I do not care to appear as a pest, but this being one year past due, I feel that I am justified in asking for same.

Kindly let me here from you, and oblige.

Yours Very Truly,
J. H. Ward
