Joka Utah
May 5, 1946.

Mr. Ed. H. Watson
State Engineer
Salt Lake City Utah.

Dear sir:-

Enclosed is a copy of the minutes of Users of Sand Wash System meeting April 3, 1946. as ask for in your letter of May 1st also check for (*1) $5.00 for premium on bond.

Mr. Galloway was contacted and that he could do it. He said he was going to Salt Lake and would call on you.

We will pay the expense if it is the only way, but we feel they should all help as it wouldn't be necessary to have a commissioner, if they would all take water according to filings, and that if they all had to help pay for it they would all come to realize their rights sooner.

Yours truly,
Archie Benson Sect
Sand Wash Irrigat
