MILKING SHORT HORNS COTSWOLD SHEEP

# CRESCENT FARMS

CHESTER H. HARTMAN & SONS

MT. EMMONS, UTAH June-25-40

RECEIVED JUN 28 1940 State Engineer's Office

Robert Marchant.
Roka, Utah.

Dear Sir:

Just to inform you that I have taken the matter of the seepage matter that arises on my place with the State Engineer and he tells me that as long as I divert this matter that arises on my place and do not take it of it is considered return flow and does not haffe be filed on.

Now I own all the land east of the wash that we use this matter on there for I contend that you have no jurisdiction over it.

Very Truly Yours
Chester Hartman

This was a different proposition when Case & Cannon took this matter across my land but I am now useing it on my own land where it comes out of the ground.
